# SYSMICS

**SY**ntax meets **S**emantics:  
**M**ethods, **I**nteractions,  
and **C**onnections in  
**S**ubstructural logics.

---

---

# Contents

---

- ❖ Quick facts.
- ❖ Scientific description.
- ❖ Financial description.
- ❖ Implementation.
- ❖ Secondments.

# Quick facts

---

# SYSMICS in figures

---

- ❖ 5 continents
- ❖ 12 Countries
- ❖ 23 Universities
- ❖ 70 researchers
- ❖ 500,000 euros
- ❖ 120 trips

*A project on which the sun never sets...*

---

# SYSMICS in figures

---

**Time span:** 3 years, from March 2016 to February 2019.

**8 gathering events:** 2 conferences, 4 workshops, 2 schools.

# Scientific Description

---

# Work packages

---

WP1 –  
Management

WP2 – Scientific events and  
outreaching activities

WP3 –  
Schools

---

# Work packages

---

WP4 – Abstract  
Algebraic Logic

WP5 – Analytic  
calculi for  
substructural logics

WP6 – Structure  
Theory of  
Residuated Lattices

WP7 – Canonical  
Formulas and Bounded  
proofs

WP8 – Duality theory  
with algorithmic  
applications

WP9 – Residuated lattices with  
operators and alternative  
consequences

More info on the website and in the proposal.

---

# Deliverables

---

- ❖ Conferences proceedings.
- ❖ Technical reports on Work Packages.
- ❖ Reports on schools and workshops.
- ❖ Divulgative papers.
- ❖ Periodic, Financial and Mid-term reports.
- ❖ **Do not forget to acknowledge the project in the required manner.**

# Financial Description

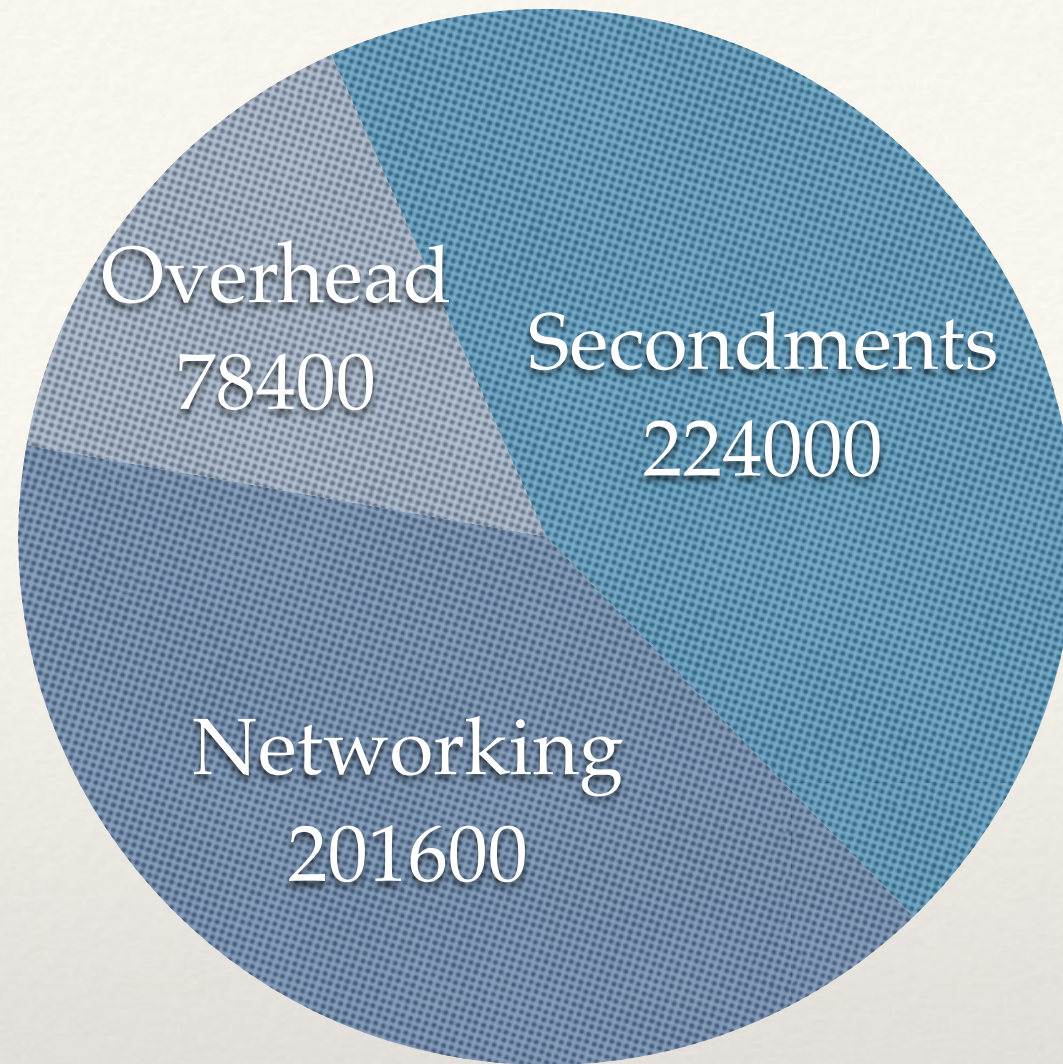

---

# Fund destination

---

- ❖ The project essentially funds trips **longer than a month** from a EU country to a non-EU country. In some case (in our project for South Africa and Argentina) also vice versa.
- ❖ There is also some fund for organising networking events (schools, conferences, workshops).

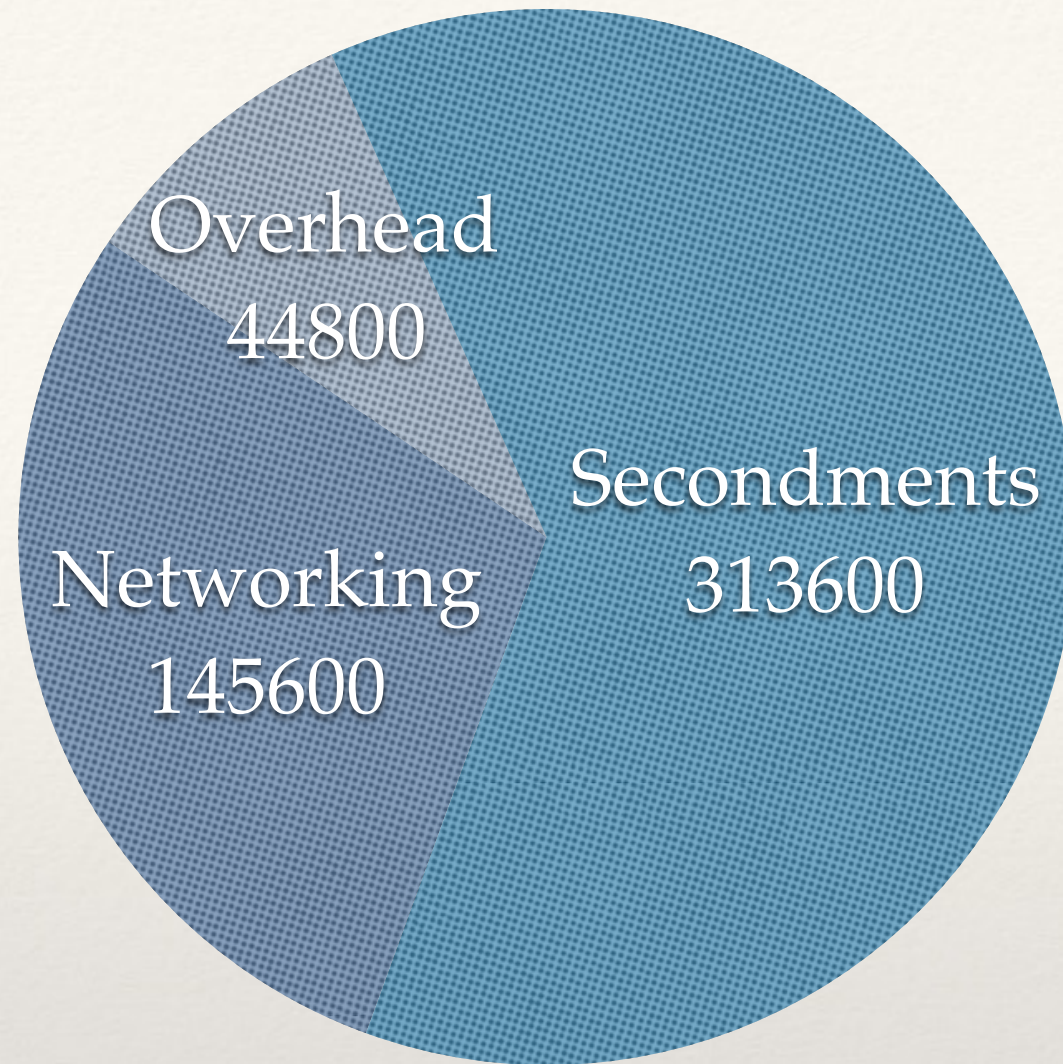

---

# Funds

Standard division in  
RISE projects.

---

---

# Funds

Division agreed for  
our project.

---

---

# Reimbursement per month

---

$$2000 + 368 + 432$$

Minimum  
reimbursement  
allowed by the EU

Fixed additional  
amount taken from the  
funds for networking

Overheads: some may  
be taken by your  
university, the rest can  
be given to the  
seconded researcher

---

# Financial reporting

---

- ❖ Each European university will report on their secondments on the EU website.
- ❖ Reporting amounts to filling start and end dates of each secondment; all the rest is calculated accordingly.
- ❖ The report will probably not match the actual expenses!! This is not a problem.

# Implementation

---

# Steering committee

---

Formed by all local coordinators.

Luca Spada  
Antonio Ledda  
Stefano Aguzzoli  
Jan Kühn  
Petr Cintula  
Carles Noguera  
Agata Ciabattoni  
Lluís Godó  
Ramon Jansana

Nick Bezhanishvili  
Brunella Gerla  
Pilar Dellunde  
George Metcalfe  
Clint van Alten  
Patricio Diaz Varela  
Guram  
Bezhanishvili

Constantine  
Tsinakis  
Nick Galatos  
Kazushige Terui  
Tomasz Kowalski  
Rajeev Gore  
Alwen Fernanto  
Walter Carnielli

---

# Project Assistant

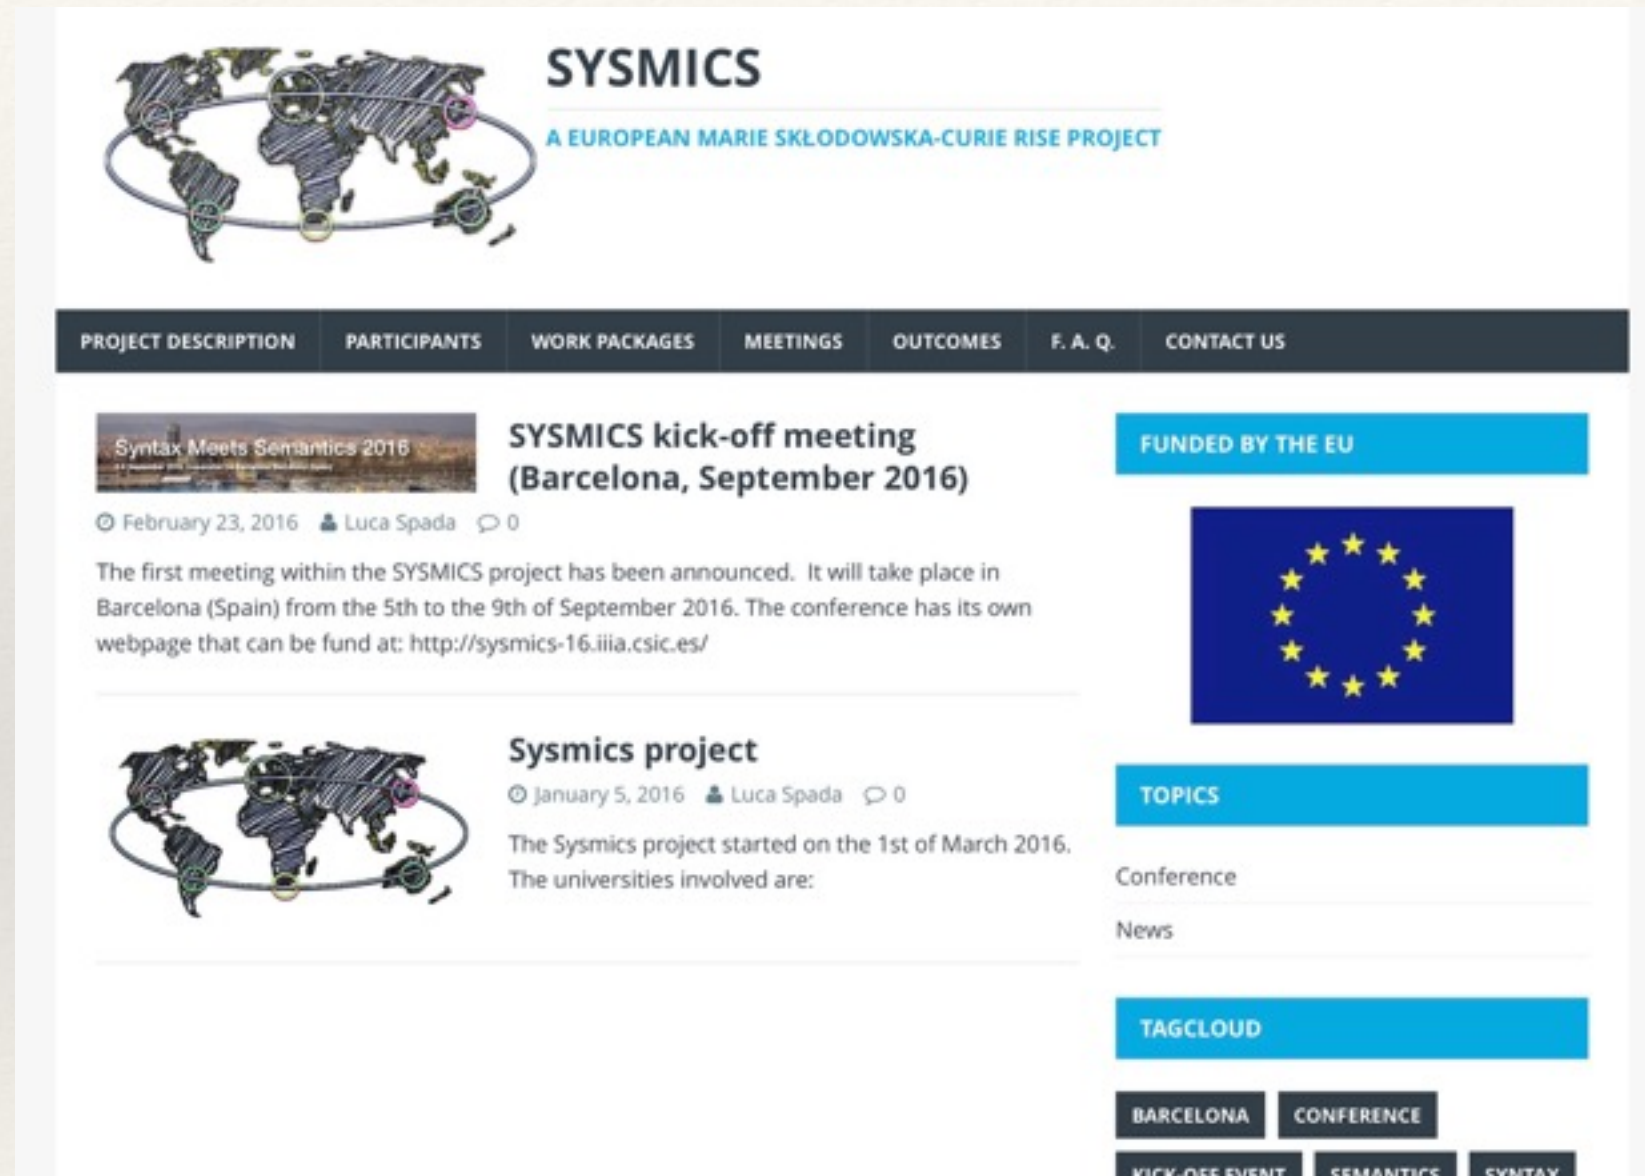

---

**Serafina Lapenta**  
(better known as *Sara*)  
University of Salerno

# Website

<http://logica.dmi.unisa.it/sysmics> (or just google "sysmics")

---

# What's on the website

---

- "Leaving" and "coming back" forms.
- Info on the Work Packages.
- List of participants.
- Info on the upcoming events.
- Info on financial matters.
- This presentation.
- F.A.Q.

---

# Events (proposal to be discussed)

---

## Two Conferences

Kick-off conference (Barcelona, September 2016).

Closing conference (Amsterdam, January 2019).

## Four Workshops

Salerno, May 2017.

????, December 2017.

$A_L$  (*A-sub-L*) Cagliari, May 2018.

Vienna, September 2018.

## Two schools

TACL school, June 2017 (Olomouc, Czech Republic)

LATD, August 2018 (Bern)

---

# Relevant documents

---

- ❖ Grant Agreement,
- ❖ Project description (i.e. our proposal, formally part of the GA),
- ❖ Partnership Agreement,
- ❖ Official EU FAQ,
- ❖ There is shared Dropbox folder with all relevant documents.

---

# Continuous Reporting

---

- ❖ Website reporting.
- ❖ Short forms to be filled at the beginning and at the end of the secondments.
- ❖ Deliverables: articles, technical reports, ....

---

# Report on your activities

---

- ❖ Seminars.
- ❖ Short courses.
- ❖ Technical reports, preprints.
- ❖ Participation in conferences or workshops.

# Secondments

---

# What's a secondment

---

- ❖ A secondment is a span of time in which a researcher is hosted by another university.
- ❖ The seconded staff must receive her/his salary from the sending beneficiary at the time of secondment and *be linked* to the institution since at least 6 months.
- ❖ A EU researcher can only be seconded in a non-European country or vice versa.

---

# What's a secondment

---

- ❖ The span of time must be at least one month, but **can be split**. However, at the end of the project the amount of time spent at each institution must be at least one month.
- ❖ Any amount of time **longer than one month** is allowed i.e., two visits at the same institution of 20 days each form a perfectly fine secondment.

# What to do in case of secondment

- ❖ 9-12 months in advance: contact your host.
- ❖ 3-4 months in advance: inform Sara of your intentions.
- ❖ 1-3 months in advance: fill in the "leaving" form on the website.
- ❖ 0-1 month later: fill in the "coming back" form on the website.

# What to do in case of secondment

- ❖ The exact amount of your reimbursement **will be calculated by Sara**. But she needs to know the amount of overhead taken by your university.
- ❖ If you work for a EU university your reimbursement will be paid by your university, by the hosting university otherwise.

Time for your questions!
